According to him, continuous training remains a major pillar for building strong parliaments capable of driving development.

According to Etta, who serves as the

Deputy Leader of the Assembly, the Governor's nominations were in full compliance with section 2(1) of the Cross River State Sports Commission Law of 2000 and also in tandem with section 14(4) of the Constitution of the Federal Republic of Nigeria (as altered) which dwells on geographical

CRHA passes Cross River State Rural Access Roads Authority Amendment Bill 2025.

By Itam Offor

The State House of Assembly has passed the Cross River State Rural Access Roads

Authority Amendment Bill 2025.

The passage of the bill followed the

deliberation on the bill, by the Lawmakers during plenary.

The sponsor of the

bill and Member representing Boki 1 State Constituency, Hon Bette Philip Obi, stated that the bill seeks to amend the Principal Law on the composition of the board of the Authority.

Also speaking to journalists after the plenary, Hon Obi reiterated that he was delighted to sponsor the bill which is aimed at ensuring that rural roads are addressed.

"Bringing up this bill is my way of contributing to rehabilitation of rural roads. I come from a rural community where there are no roads at all. I know that His Excellency, our Governor, Senator Bassey Edet Otu is

committed to transforming the rural areas across the State. I am convinced that very soon, many rural communities will be linked with good roads". Obi stated.

Over 1,000 Driver's Licences Remain Unclaimed as CRIRS Intensifies End-of-Year Road Tax Enforcement

By Achiane Adams

The Cross River Internal Revenue Service (CRIRS) has expressed concern over the surge in unclaimed driver's licences across the state, disclosing that more than 1,000 licences produced

between February and July 2025 remain uncollected despite multiple phone calls and text messages. The revelation comes as part of the agency's annual end-of-year road tax enforcement operations covering

defaced number plates, vehicle papers and third party insurance.

This compliance exercise is being conducted in collaboration with the Federal Road Safety Corps (FRSC), the

Transport Regulatory and Enforcement Agency (TRAMRA), and various security formations. The two day joint operation focused on ensuring full adherence to statutory requirements.

According to CRIRS, the rising backlog of

unclaimed licences is slowing administrative processes and causing avoidable delays for motorists during verification checks. Many drivers who completed biometric capture and were approved for issuance are yet to collect their permanent cards.

The agency has therefore directed all

motorists who processed their driver's licences at the CRIRS Headquarters between February and July 2025 to proceed to the One-Stop Shop, Room 12, at the CRIRS Head Office, New Secretariat Complex, Highway, Calabar. Applicants are required to present the original copy of their

temporary licence to retrieve their permanent cards.

CRIRS reiterated the importance of possessing valid driving and vehicle documents at all times, stressing that up-to-date papers are crucial for safety, legal compliance, and avoiding penalties during routine checks.

The Service maintained that the

ongoing enforcement is not punitive but part of a statewide effort to deepen compliance, enhance roadway safety, and protect revenue integrity as the year winds down. Motorists were urged to keep all relevant documents valid, current, and readily accessible.

With the festive season fast approaching, CRIRS assured residents

that the joint enforcement teams will continue to operate professionally and within established guidelines, with the overall goal of ensuring safer roads and a more transparent, accountable revenue system in Cross River State.
